---

**Not sure?**

**We're here to help you every step of the way!**

**Why choose Gayson Plumbing?**

- We are fully bonded, licensed and insured with your town or village.
- We have been expertly serving the community since 1983, ensuring you long term reliability.
- We are a National Grid Value Plus Installer.
- For your convenience, we process all necessary paperwork including permits and any eligible rebate forms.
- We provide you with the most reliable and affordable solutions available.
- We are happy to provide you with customer reviews upon request.
- We offer 24 hour emergency services 7 days a week!

**What happens after I accept this Proposal?**

- Once you make your decision and mail in your deposit(s), we will contact you to get your job underway!
- We will process necessary permits, order equipment, and process eligible rebates.
- We will coordinate a start date and time that best suits your schedule.
- Our highly qualified mechanics will arrive promptly on the set date and clean up once they are complete.
- If necessary, we will coordinate appointments with the town or village inspector to facilitate the permit closing process.

**Our jobs run smoothly from start to finish,  
so you can spend less time worrying and more time enjoying!**
